RESERVE JUDGE : TO BE APPOINTED

In the following definitions of classes First Prizes or other prize wins are those gained in standard classes at any Kennel Club licensed Championship Agility, Premier Agility, Open Agility or Limited Agility Shows (i.e. special classes and invitational events excepted). Only a first place with a clear round completed within the course time set by the judge will count towards grade progression.

Standard classes may be scheduled for Agility Shows, as Agility classes or Jumping classes. All standard classes must contain the Weaving Poles obstacle. Standard Agility classes must contain the following elements: "A Ramp", Dog Walk and See-Saw. With this proviso classes are defined as follows:-

Class Structure. A Class may either be held as a Graded Class or a Combined Class. A Graded Class may be scheduled for one or more consecutive Grades with separate results and awards issued for each grade. A Combined Class may be scheduled for more than one consecutive grade with one overall set of results.

Progression. Progression from each Grade will require one Agility win or three Jumping wins in standard classes at that grade, except that progression from Grade 5 will require 3 wins at Grade 5, one of which must be an agility class. Progression from Grade 6 will require 4 wins at Grade 6, two of which must be agility classes. Results from Combined Classes will only count towards progression from the dog's current grade.

***LOWER HEIGHT OPTION**

Lower Height Option. Societies may offer the Lower Height Option to all dogs in that height category and may be offered at all grades. It is to be run as part of any Standard class as defined in the regulations and must be clearly identified in the schedule. Each relevant class will have two heights with a change part way through to raise/lower the jump heights and competitors must run at their entered set height. The order in which the heights will run must be detailed on the ring cards/ring plan. There will be only one course walking at the start of the class. In a class where the Lower Height Option is available show organisers may offer one set of awards by combining the results of each height or may offer separate awards for each height category.

Competitors will be allowed to walk the course set at Small, Medium or Large height without their dog(s) before the class begins. Hurdles may be raised/lowered during the course walking time if multiple heights are offered within the same class.

When the Lower Height Option is scheduled a dog may only be entered at either the Full Height or the Lower Height and it cannot compete at a different height in any other class at that competition, including special classes. For these purposes a competition shall be defined as all classes covered within the same schedule.

Points Progression. At the handler's discretion a dog may progress up to Grade 4 by winning 100 points at each grade, using the Agility Warrant points scheme (Regulation K3.c refers), except that there is no requirement for a minimum number of agility points.

If this method of progression is selected, the handler must ensure the Show Secretary signs the dog's Agility Record Book at the first show entered at the higher grade. There is no time limit on this progression, however once a dog has progressed, it cannot return to a previous grade.

Progression on points must be done prior to the closing date of entries, It is not possible to change a grade on points once the entries have closed.

STANDARD CLASSES

Only first prizes and points gained in standard classes at Kennel Club licensed Agility Shows may be used for progression through the classes (A dog is only eligible for one grade) In defining the eligibility of the owner or handler for Grade 1. The three jumping wins and points progression referred to in the definition apply only to one dog and not an accumulation of dogs

SPECIAL CLASSES

Societies may schedule classes other than those defined above as "Special Classes".

The eligibility for "Special Classes" must be defined by the society and included in the schedule. The word "Special" must be included in the title of the class. Where special classes are classified for older and/or inexperienced dogs, the height of the hurdles and the A-ramp, and the length of the long jump, may be reduced below the dimensions specified in these regulations, in which case such dimensions must be included in the class definition in the show schedule.

Marking for special classes may deviate from marking for standard classes, but must be specified in the schedule. Wins, places and clear rounds in special classes will not count towards agility warrant points or grade progression at Kennel Club shows.

GRADE CHANGES

In estimating the number of awards won, all wins up to and including 25 days before the start of the competition (**2nd AUGUST 2018**) shall be counted when entering a class. For these purposes a competition shall be defined as all classes covered within the same schedule. In the event that a dog becomes eligible for the next grade at a particular show, after the entry for that show has been sent, it is the competitor's responsibility to notify the show secretary at least 14 days before the date of the show.

By email hberesford982@outlook.com The dog will then be moved into the appropriate class(es) for the next grade. The dog must be moved into corresponding number of classes as were entered at the lower grade. If there are fewer or no classes available for the next grade the competitor should be offered a refund of the relevant entry fees.

In accordance with Kennel Club Rules, ALL dogs competing in small or medium height categories must be measured for competition. Competitors must ensure that their dog is measured prior to their first competition and that the dog's Agility Record Book has been signed and dated by the measuring officials.

Large dogs entered for competition will not require an official Kennel Club measurement. Once a dog has competed in any Class in the Large Height category at Kennel Club Licensed event it may not change to a different height

A Graded class may be open to one or more, consecutive grades with separate results for each grade

A Combined class is open to more than one grade and there is only one set of results for the whole class

They are therefore expected to take great care to avoid guide ropes, uneven surfaces and other hazards, which are inevitable and integral elements of an agility dog show. Those bringing and using portable items of equipment such as folding chairs, cages, and gazebos also have a responsibility to ensure that their equipment and collapsible furniture is used and erected safely and does not constitute a hazard to others. Competitors are also reminded that they should wear appropriate clothing and footwear for the prevailing conditions on the site.
